

Christmas is coming!

It's hard to believe that Christmas is here already! It's been a very busy year, and we appreciate how hard you have all worked. Every student will receive 3 weeks of homework before we close for the holidays. We know it's difficult to study in the festive season, so we just ask that you do your best!

Workshop Times

If you are planning to change your workshop time, please ask us as soon as possible. Some workshop slots are full or have limited spaces left. If you hope to enrol a sibling then let us know so we can make them a priority.

Year 2 & 6 SATs, and GCSE's

- We will begin with our SATs preparation towards the end of January.
- Established students in Years 2 and 6 are eligible for these courses with no extra charge.
- GCSE students have already started the GCSE Support Programme. Join as soon as possible because we have very limited spaces remaining.

Seasons Greetings!

and a Happy New Year to all

Parent meetings

When we re-open in the New Year, feel free to contact us about a Progress Review. We encourage you to come in and discuss your child's development, so we can make sure we are supporting them in the best way possible. If they need extra support or more focus on a certain area we can work out a plan to help with their particular needs.

Core Work Completion

Do you struggle to complete homework? Please let us know if you find it difficult to work productively at home. It is better to deal with the problem than to jeopardise your progress.

- Core work is intentionally much easier than the classwork, which is supported by mentors.
- Core work should always be monitored by an adult, then **marked**, timed and recorded.
- Any mistakes should be corrected immediately by the student, unless they are too difficult.
